

Item# 7215510

Model# M130UV

Average Performance

This all-in-one Beckett UV filter pump circulates water through the clarifier, exposing algae to the 3-watt ultraviolet bulb to produce clear water and control algae growth.

- Oil-free, Safe for Fish and Plants.
- 3-watt germicidal bulb eliminates algae and lowers green water quantity in ponds, keeping it clean and clear.
- Flow control valve for smooth and precise operation.

UV

Designed for ponds and fountains up to 320 Gallons.
