

MS60 MINI SPLIT CONDENSATE PUMP

Application: Mini Split system up to 36,000 BTU

Beckett's Mini Condensate pump is the perfect solution for Mini Split systems up to 36,000 BTU. It features a max lift of 53' along with a max suction lift of 4' which allows it to be installed in out of the way locations. It comes with a vibration/sound isolation mounting pad and semi clear condensate reservoir to easily see if maintenance is required. The reservoir features a reliable reed switch with a 4'6" power cord. No kink PVC discharge tubing (5' - 0.2" ID) is also included. Rated for water temps 41 - 104° F, 50% duty cycle.

INCLUDES:

- Pump with mounting pad
- Condensate reservoir
- Breather tube
- ½" Drain inlet adapter
- 5' of ¼" ID tubing
