

GR210A & GR325A Direct Drive Submersible Pump FOR 115V, 60Hz

Beckett's submersible pump line offers top of the line epoxy encapsulated (not oil filled) 115V, 60H design to meet all your continuous duty requirements. They are low maintenance, environmentally safe, and can be used in a variety of industrial applications. Each pump features a heavy-duty motor for maximum output and reliability. GR models have a rotating discharge and a flow control valve for maximum flexibility.

FEATURES:

- Fully submersible
- Epoxy encapsulated
- FKM shaft seal
- Corrosion resistant polyester housing
- 1/4" MNPT discharge, fits 1/2" ID PVC tubing
